

L OWSF  
12.3.54 vs  
01/05/65STATE OF WASHINGTON  
POLLUTION CONTROL COMMISSION Permit No. 2119  
OLYMPIA, WASHINGTON

In accordance with Chapter 71, Laws of 1955,  
A WASTE DISCHARGE PERMIT is issued to:

Date of issue: January 5, 1965

Date of expiration: January 5, 1970

Lone Star Cement Corporation  
3301 E. Marginal Way South  
Seattle, Washington 98134

(Sand &amp; Gravel)

Waste not to exceed 3,505,000 gallons per day may be discharged to

Duwamish Waterway

subject to the following conditions:

1. The word "waste" in the above statement refers to the total volume of cooling and contaminated waters to be discharged.
2. All contaminated process waters are to be discharged into a lagoon or settling basin for the removal of fines.
3. Continuously maintain the settling basin as provided, to allow adequate settling time for the removal of fines and to prevent discharge to the waterway except by means of seepage only.
4. Sanitary sewage is to be discharged into the city sewer system.
5. All requirements and ordinances of the city pertaining to the discharge of wastes into the city sewer system are hereby made a condition of this permit.
6. In the event the permittee is temporarily unable to comply with any of the above conditions of this permit due to breakdown of equipment or other cause, the permittee is to immediately notify this Commission. This report is to include pertinent information as to the cause and what steps are being taken to correct the problem and prevent its recurrence.

USEPA SF

1316378

This permit does not allow the discharge of wastes other than those mentioned herein. A new application shall be submitted whenever a change in the waste to be discharged is anticipated.

This permit is subject to termination if the Commission finds: (1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application; (2) That there has been a violation of the conditions thereof; (3) That a material change in quantity or type of waste disposal exists.

In the event that a material change in the conditions of the state waters utilized creates a dangerous degree of pollution, the Commission may specify additional conditions to this permit.

Signed: \_\_\_\_\_

Director, Pollution Control Commission
